NOTE FOR: DDI

FROM: EA/Executive Director

Bill Baker, Chairman/PFIAB Scientific, Technological and Communications Task Force, has asked us to send a representative to his 28 April meeting on getting intelligence to policymakers. The individual should be knowledgeable about our Operations Center as well as our interface with policymakers. John suggests that [redacted] might fill the bill. Okay with you?

The Analytical and Political Task Force under David Abshire is also meeting the same day and would like to have an Agency briefing on Central America, focusing on Soviet influence in that region and the long-term impact of the current situation there on Mexico. Whom would you suggest for this one?

Please let me know your choices and I'll give them the details. Thanks.
